

The 17th Intake Graduated from the HAECO Xiamen EASA Part-147 Training Program

On 2 August 2019, total 11 students from Class 17 under EASA Part-147 Approved Basic Training Course Category B1.1 successfully graduated. At HAECO Xiamen Training Center Auditorium room, a high-spiritual graduation ceremony was held in the presence of Ms. Jacqueline Jiang Yida, the COO of HAECO Xiamen, Mr. Micheal Lee Zhendeng, Director of DAH YANG Senior High School TAIWAN, Ms. Patty Young Chun Lin, Vice Dean of International College of Vocational Education, Xiamen City University, Mr. Henry Chen, HAECO Xiamen General Manager Technical Training, HAECO Xiamen managers and instructors, the Class 17 graduates and family members, Class 18 and Class 19, DAH YANG Senior High School students and teachers. Ms. Yollanda on behalf of HAECO Xiamen Training Center addressed the group and congratulated the graduates.

From 15 September, 2017 to 31 July, 2019, students of Class 17 have devoted themselves on EASA Part-147 training course with almost 22 months, totally 2,459 training hours by learning theoretical and practical modules. No matter in classrooms, training workshops or aircraft hangars, they strived to overcome all sorts of challenges which lead them matured and aware of how to resolve problems independently. Their progress has been delightedly witnessed by instructors involved in this training course.

With the EASA Part-147 Class 18 graduating in March 2020, we have planned to recruit two B1.1 classes in 2020. As 10 years' development on EASA Part-147 training program, we have cultivated more qualified instructors & staff specialized in EASA Part-147 training program. We will keep dedicating to offer comprehensive and better training to all students both at home and abroad.
